

EXCHANGE TEACHING

The concept of exchange teaching is supported by the Board of Education so long as it does not jeopardize the instruction of students. All major teacher exchanges for more than one school day must be approved by the Board. From time to time, the Superintendent of Schools or his designee may deem that certain members of the professional staff would gain by exchanging classrooms for a class period or for a whole day. Arrangements for such exchanges must have administration approval at least two school days in advance.

Teachers are encouraged to conduct informal exchanges within the school building in order to gain insight on good teaching strategies and feel empathy for another teachers responsibilities. These exchanges should be a learning experience for the staff members involved.
